

Amendment to the Specification:

At page 26, line 10, please correct the existing paragraph by deleting the underlined word [octene] and inserting therefore the underlined word, propylene, as follows:

<u>Run</u>	Catalyst <u>μmoles</u>	Yield (g)	Efficiency (g/μg Ti)	Viscosity <u>ML(1+4)</u>	% <u>ethylene</u>	% <u>octene</u> <u>propylene</u>	% <u>ENB</u>
------------	---------------------------	--------------	-------------------------	-----------------------------	----------------------	---	-----------------
